

UNIVERSITY OF CHICAGO
DEPARTMENT OF RADIATION AND CELLULAR ONCOLOGY
DIVISION OF MEDICAL PHYSICS

Application Process for Post-Graduate
Clinical Training in Physics of Radiation Oncology

Please send the following two documents (in Word form) to the Residency Program Administrator via email [medphys-residency@uchicago.edu]:

1. **Curriculum Vitae:** including (but not limited to) permanent address, education, honors or distinctions, professional experience, abstracts, publications.
2. **Statement of Interest:** a one to two page discussion of the applicant's interest and goals. This essay should include the background for interest in medical physics as well as career expectations in medical physics.

Please send the following two items in hard copy form to:

*Anett L. Young, Assistant
Medical Physics Section
Department Radiation and Cellular Oncology
University of Chicago Medical Center
5758 S. Maryland Avenue, MC 9006
Chicago, Illinois 60637*

3. **Transcripts:** Applicants must arrange to have graduate and undergraduate transcripts sent to the above address. Only original transcripts will be accepted. It is expected that a grade point average of at least 3.5 in physics courses and 3.0 overall will have been maintained in both undergraduate and graduates courses.
4. **Letters of Recommendation:** Three letters of recommendation attesting to the candidate's qualifications must be received from individuals knowledgeable of the candidate's academic and clinical background. Two of these letters must be from college or university faculty members who have taught the student, including one from the supervisor for highest degree obtained. These letters should speak of the character and personal qualities of the applicant. This would include intelligence, responsibility, dedication, and aptitude for further training.

Deadline for receipt of all application materials is December 15, for position open in July of the following year.
